

POLICE DEFENSE RESTS IN SOLVING MURDER MYSTERY

(Continued From First Page.)

The scandal into which the department has been plunged as a result of the Rosenthal affair.

Police Commissioner Waldo today announced the suspension of Patrolman William J. Ellis who was in the 37th Metropolitan of duty at the time of the murder and immediately pursued in a taxicab the automobile in which the murder was committed.

Rose gave up. "I am positive," said Dougherty later, "that I shall have the murderer of Rosenthal in custody before long, and I know who did it."

After Rose had talked with Dougherty he went down to District Attorney Whitman's office accompanied by his wife and two children. He stated in charge of the detective bureau, was asked "Rose under arrest?"

"Not now, but he will be," was the reply.

"What charge will you lodge against him?" "He will be directly charged with homicide," said Hatcher.

According to the police who heard the interrogations of Rose by Dougherty and Hatcher, the gambler stated that he had the tearing of the murder dress made by the police and that he and his wife went directly to the police station and left the car at Sixth Avenue and Forty-third Street and proceeded to the Metropolitan and the murder was committed on its way to the Metropolitan where Rosenthal was shot to death.

Whether the police the names of the men who remained in the car after he left it, and who did the actual shooting, was a police secret exactly preserved. According to the police, these men were called to the station and the names of the men were given to a number of questions.

Rose was charged with District Attorney Whitman for more than two hours.

TWO HUNDRED COWBOYS AID IN CHICAGO WEDDING

Costumed in Wild West Style, They Play Pranks as if Out on Plains.

Chicago, July 18.—Two hundred cowboys were a feature of the wedding of Miss Marie Deibel and William Henderson, a cattle buyer at the stock yards, yesterday in a manner that could hardly have been improved upon had the scene been laid on the Western plains.

At about the time the young couple were ready to start for the church where the ceremony was performed, the cowpunchers arrived on horseback, equipped in iron cowboy regalia, and headed by a brass band. With wild shouts and a "cowpuncher" substituted for each of them at the wheel. Then the cowboys took the wedding party in charge and with bands leading, the shouting crowd paraded for several blocks through South Side streets. The cowboys were all friends of Henderson, and are employed at the stockyards.

NORRIS PREFERS TO QUIT RATHER THAN AID TAFT

Asks Another Senatorial Primary as Trial of His Republicanism.

Washington, July 18.—Representative Norris, of Nebraska, progressive Republican and a Roosevelt supporter, in a letter sent today to John L. Kern, chairman of the Nebraska State Republican Committee, asks for another senatorial primary, in which his rehabilitation is to be tried and a new set of instructions be voted to candidates for Roosevelt and Taft electors.

"I am a believer in the recall," said Mr. Norris in his letter. "I am willing that it should be applied to me, and I desire to record my protest against the nomination of Taft as the Republican nominee is unsatisfactory to the Republicans who supported me. I am not only willing, but I believe it is my duty to withdraw."

"I am the greatest prevention for heat prostration. It not only builds up the general system to resist the heat, but clears the blood of all acid and other irritants that inflame the skin."

Under no circumstances can I be induced to support a man for office whose nomination I emphatically believe to have been obtained by the corrupt and unlawful methods which I believe were perpetrated in the so-called renomination of President Taft and if my nomination, or even my election must depend upon such support, then I much prefer to remain in private life.

PLAN TO HASTEN END OF CONGRESS

Commerce Commission with power to deal with the situation.

Senator Townsend urged legislation to prevent railroads from getting any \$10 on the canal.

"As the canal will do more to reduce rail rates from coast to coast than all the orders of commissioners combined," declared the Michigan Senator.

Senator Townsend addressed the Senate in advocacy of a single headed government for the Isthmian Zone, instead of a commission government.

The committee will be known as the committee on industrial relations, and would have supervisory relations with all bills of measure affecting the economic welfare of the country.

In a preamble to his resolution Mr. Lindergh sets forth to the extent of four thousand words a graphic description of the deplorable state of the Union.

The tendency to trusts, the burden of the people of paying profits of dividing and cents entirely out of proportion with the service performed, and other ills are developing rapidly.

Washington, July 18.—The appearance of Judge R. W. Archbald to answer the impeachment charges made by the House of Representatives is set for 10:30 P. M. to-morrow.

Judge Archbald will be permitted to enter a plea for a continuance of the trial until fall, if he wants the delay, but it will depend upon the majority action of the Senate as to whether the delay will be granted.

A few Senators are in favor of the attitude of the House managers, who demand an immediate trial.

Washington, July 18.—The National Independent Political and Civil Service League, at a meeting here to-night, endorsed the administration of President Taft in a resolution pointing out the duty of all men of the race to vote for him in the November election.

Senator W. O. Bradley, of Kentucky, who addressed the gathering, said he did not wish to go to heaven if he were to be there as the Colonel, upon which he straightaway wanted to hold a primary election.

Earlier in the day a delegation of thirty-seven members of the league had a conference at the White House with President Taft.

Immigration Station Near Hampton Roads

First Step in Movement to Attract Desirable Settlers to Virginia.

(Special to The Times-Dispatch.)

Washington, D. C., July 18.—One of the best pieces of work seen at the present session of Congress was performed here to-day, when Senator Swanson secured the passage in the Senate of a bill appropriating \$250,000 for the purchase of a site and the erection of the necessary buildings for an immigration station near Hampton Roads.

This action was taken in response to a resolution of the Democratic caucus recently held at Norfolk, in which it was voted that the Senate of the Democrats of Virginia was that the State should encourage the immigration of good settlers.

The bill was introduced in the Senate by Senator Swanson, and it is expected that it will pass in the House of Representatives.

Senator Swanson believed that the first step in such a program should be the passage of this bill, which would be the nucleus of a series of acts of the kind mentioned.

The bill was introduced in the House by Representative Lindergh, of Minnesota. The committee will be known as the committee on industrial relations, and would have supervisory relations with all bills of measure affecting the economic welfare of the country.

RICHESON'S LAST WISHES CARRIED OUT BY SISTERS

Body Exhumed and Laid to Rest by Remains of Dead Man's Mother.

(Special to The Times-Dispatch.)

Lynchburg, July 18.—The final wishes of Rev. Clarence V. T. Richeson, who was electrocuted in Boston in May for the murder of Avis Lunell, were today carried out when his remains were exhumed from the old graveyard on his father's farm, four miles from Amherst Courthouse, and were laid to rest beside those of his mother, whose grave is in the cemetery a short distance from the latter.

When the remains were brought from Boston in May they were met at Amherst depot by his father and brothers and were taken by a circuitous route to the graveyard where the grandparents of Clarence Richeson were buried and there the interment took place and the remains were laid to rest.

The remains were in perfect condition, the features being composed and an open Bible being held in the hands. In a heavy rain the journey to the Amherst Cemetery was made, where the grave had been dug.

The grave was lowered and prayers were offered by Rev. Mr. Hawkins, a Baptist minister, the only people present being a brother and one sister of the dead man, a chauffeur and the undertaker's men. The grave was filled and to-morrow a marble cross with a brief inscription will be placed over it.
